

GAME LOCALIZATION

Spreading the fun across Europe

If you're looking for experts in game localization for the European market, then congratulations - you've come to the right place. ACP Traductera has game localization experts in almost every part of Europe.

Over 80% of gamers prefer games in their own language.*

So, you know it's good for sales, but what's the best way to go about tapping into that market? We have the answer.

* For more information have a look at the [questionnaire](#) published in a Czech online magazine.

Expertise and passion...a winning combination!

Being dedicated gamers, our experts will apply their passion for gaming to localize any of your games across a range of platforms.

What we offer

Gaming experience

Our native linguists are avid gamers, exclusively focused on the very latest trends and developments within the fast-moving gaming market

Centralized services

Our all-inclusive gaming localization services include game scripts, voice-overs, subtitles, user interfaces, marketing collateral, website content, and social media posts.

Cost and time effectiveness

We have an in-house team of engineers who can handle all formats and whatever complicated environments you want to throw at them!
